

Fact Family Houses

Build your own addition and subtraction fact family houses.

A house-shaped template with a triangular roof and a rectangular body. The roof contains three circles: one at the top and two on the sides. The body contains four rows of math problems, each with three empty boxes for numbers and a plus or minus sign between the first two boxes, followed by an equals sign and a final empty box.

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$
